With low-cost and economic policies targeting the development of technology base, global attention has diverted towards IT services provider and also ping up a Community to help new bee coders. we are Team Ahoban.

Introduction

A strong brand identity is important whether you're starting a business or changing your [branding strategy](#).

Thank you for the opportunity to submit a proposal for the Graphics Design Working together, I believe we can create a best design that is simple to navigate and has a professional yet welcoming design.

Based on our preliminary discussion at online through, I have identified and listed below the Needs and Solutions that we will want to address in this project.

Needs

Sample Company, oraganization needs a any kind of design work to reach out to the community and also to serve and support the current Sample Company Design.

Furthermore, Sample Company needs a Design Sample like as Word files or text file,stock images,font name etc. that can be maintained by a Sample Company employee, without the need to regularly employ **Team Ahoban** Can make changes. The Sample Company employee needs to be able to add and revise both text and photos and additional design pages if necessary.

Solutions

Team আহবান will provide Sample Company with a fresh new design that is easy to navigate and provides useful information to current subscribers. The design will also convey to potential subscribers that Sample Company is a professional, reliable company.

The design will integrate the current logo and color palette so it will maintain a familiar look to current subscribers, but will at the same time show them that Sample Company is improving its web presence in order to serve them better.
